

The Government is providing funding of 150 million per annum for academic years 2013/14 and 2014/15 to provide quality primary PE and school sport. Each school will receive £8000 plus an additional £5 per pupil for the next two years – for Western Downland CE Primary this will equate to approximately £8,600.

At Western Downland we have given careful consideration to how this money should be spent to ensure we are improving the quality of the sport and PE that we are already offering to the children.

As a result it has been decided that the Sports Premium will be spent on the following during the academic year 2014-2015:

- Enabling more children to take part in competitions and festivals throughout the year.
- Support for the PE co-ordinator and other teachers to assist the school in developing high quality physical education
- Purchase of new equipment
- Opportunities for children to try new sports
- Mini Olympic Sports Day

We have bought into packages to help us meet these aims:

Burgate Primary Cluster Sports Package:

- Young sports ambassadors
- Multi skills sessions for KS1 and KS2
- Access and entry into the Burgate family Inter-school sports competitions
- Specialist Sports coaching workshops
- CPD for teachers focussing on gymnastics and athletics

New Forest School Games Sports Package:

- Sporting competition for all students in school through intra-school competition
- Sporting competitions for individuals and teams to represent their schools in local inter school competitions.

Sports provision within school

Within school our timetable offers all KS1 and KS2 children with 2 hours of PE each week; an indoor gym or dance session and an outdoor games or athletics session. Alongside this a session of Real P.E. is provided which focuses on the development of agility, balance and coordination, healthy competition and cooperative learning.

We have a cross country lunchtime club, football after school (both boys and girls), fencing, cricket and netball after school clubs. We have a street dance/ football and multisports club provided by Planet Sport with two options (a 1 hour or a 2 hour session) open to both Infants and Juniors. The first hour is Street Dance or Football and the second hour is Multi Sport or Football.
